

Section 42: Community Internet Caller

Part 3: LearningStream & High Bandwidth LearningStream (Hb...)

Subpart 3:Pricing Information

With effect from 1st September 2016 LearningStream services will no longer be available for new supply.

The prices quoted do not include any payments for charges raised by the Internet Service Provider (ISP) or Other Licensed Operator (OLO) for delivery of onward connectivity beyond the hub or for charges which may be raised by the ISP/OLO for services such as content or electronic mail.

Where LearningStream or HBLs hub sites are required to be linked to each other, a £250.00 one-off charge is applicable in addition to the main link fixed and per km charges for the circuit bandwidth (2Mbit/s or 34Mbit/s) annual rental charge for the straight line distance between the BT local exchanges at each end, rounded up to the nearest kilometre serving the two hub sites.

Charges for infrastructure over and above standard requirements are given in Section 45 Part 1 These charges include work on internal trunking & traywork; breaking through walls; additional poles, ducts and cables; radio charges and miscellaneous non-standard or specially requested items.

Connection Charges for New LearningStream Services

DESCRIPTION	Connection Charge	
	Exc VAT	Inc VAT
	£	£
LearningStream 2 Mbits Own Exchange Link	600.00	720.00
LearningStream 2 Mbits Own Exchange Link (CLZ only)	600.00	720.00
High Capacity Hub Site	600.00	720.00
Medium Capacity Hub Site	600.00	720.00

Connection Charges for New Hbls Services

DESCRIPTION	Connection Charge	
	Exc VAT	Inc VAT
	£	£
34 Mbit/s Own Exchange Link	15000.00	18000.00
34 Mbit/s Link Own Exchange (CLZ only)	15000.00	18000.00
HBLS 2.48 Gbits High Capacity Hub Site	300000.00	360000.00
HBLS 622 Mbits Medium Capacity Hub Site	140000.00	168000.00
HBLS 155 Mbits Low Capacity Hub Site	55000.00	66000.00

Where HBLS Own Exchange Links or HBLS hub sites are connected to sites already served by fibre, either for the delivery of LearningStream circuits or Private Circuits, the connection charges will be reduced by £5000 (exc. VAT)

LearningStream Service Delivery Alternative

This delivery alternative only applies where technically, customer sites cannot be reached with the specified delivery mechanism (see Condition 8).

Connection Charges for New Services

DESCRIPTION	Connection Charge	
	Exc VAT	Inc VAT
	£	£
i)Own Exchange Link	4615.00	5538.00
ii)Own Exchange Link	1408.00	1689.60

i)Where LearningStream circuit/s and, or equipment do not already exist at the same customer premises.

ii)Where LearningStream circuit/s and, or equipment already exist at the same customer premises.

Annual Rental Charges

DESCRIPTION	Rental	
	Exc VAT	Inc VAT
	£(p/a)	£(p/a)
Own Exchange Link (Per Local End)	2240.00	2688.00
2 Mbits Main Link (Fixed) Charge	2715.00	3258.00
2 Mbits Main Link (Per km) Charge	38.00	45.60

Applicable Discounts

As with other LearningStream circuits, no additional discounts can be applied to these circuits and hub sites. All alternatively provided LearningStream circuits within the Central London zone (CLZ) will be eligible for the same discounts as with standard CLZ LearningStream circuits.

DESCRIPTION	3 YEAR TERM	5 YEAR TERM
Own Exchange Link (Per Local End)	3%	10%
2 Mbits Main Link (Fixed) Charge	3%	10%
2 Mbits Main Link (Per km) Charge	3%	10%
High Capacity Hub Site	17%	31%
Medium Capacity Hub Site	17%	31%

Shift Charges

Where customers require their LearningStream 2 Own Exchange Circuits or LearningStream 2 Alternative Delivery Own Exchange Link to be moved within the same building (internal shift), network Time-scale rates will apply (see Section 15). Internal Shifts for Highband LearningStream circuits and Hub Sites must be implemented as a Cease and Re-Provide.

Where customers require their LearningStream Own Exchange Link, Alternative Delivery Own Exchange Link, HBLs Own Exchange Link, Hub Site or HBLs Hub Site to be moved to a new building (external shift) then the connection charge for service appropriate to the bandwidth or capacity of the service will apply. Rentals for annual contracts will be recalculated following an internal or external shift. Where a Hub Site is externally shifted any existing link circuits that require to be relocated and reconnected to the new Hub Site will incur external shift charges equivalent to the connection charge appropriate to the bandwidth of these circuits.

Ancillary charges as defined in Section 45 Part 1 will apply as appropriate.
