

Section 12: Inland Private Circuits  
Part 11: Short Haul Data Services.

---

**Subpart 4: LAN Extension Services**

**Note: LAN Extension Services are no longer available for new supply.**

This document provides rental pricing information for all LAN Extension Services, including Star network options.

**Eligibility**

Available nationally within the UK to all customers requiring interconnection of Local Area Networks (LANs) from 10Mb/s to 10Gb/s.

Section 12: Inland Private Circuits  
Part 11: Short Haul Data Services.

---

**Pricing Information**

All prices quoted are exclusive of VAT.

Prices are based on a fixed charge for each Local End and a Main Link charge calculated on the radial distance between the local serving exchanges. Main Link charges do not apply for circuits within the same local serving exchange area.

Section 12: Inland Private Circuits  
Part 11: Short Haul Data Services.

---

**Connection and Rental Charges**

Section 12: Inland Private Circuits  
Part 11: Short Haul Data Services.

---

**Connection Charges**

These services are no longer available for new supply and therefore connection charges are no longer available.

Section 12: Inland Private Circuits  
 Part 11: Short Haul Data Services.

**Annual Rental**

Annual rental is charged either quarterly or annually in advance.

| Main Link per metre or part, after the first 5000m except for LES 10, which charges for the full distance of the circuit. | N/A     | N/A      | 0.68    | 2.20    | 4.40     | 2.20     | 4.40     | 2.20     | 4.40      | 2.20      | 2.20     | {Price}    | 4.00      | 2.00      | 4.00       | 2.00       |

POA : Price on application.

Section 12: Inland Private Circuits  
Part 11: Short Haul Data Services.

---

**Future Subsequent Circuits**

For services ordered between existing sites at a future date, the Additional/Subsequent Circuit charge for Standard LES 2, LES 10, LES 100, LES 155B, LES 622B and LES 1000 services will apply (for details see information contained in this Part).

Section 12: Inland Private Circuits  
Part 11: Short Haul Data Services.

---

**Shift Charges**

Please note that external shifts are not available.

Internal shifts (within the building) are allowed and are priced on a time and materials basis.

Section 12: Inland Private Circuits  
Part 11: Short Haul Data Services.

---

**Regrade Charges**

See [Subpart 6](#): for the prevailing regrade charges applicable to LES 2, LES 10, LES 100, LES 155, LES 622 and LES 1000 services.

Section 12: Inland Private Circuits  
Part 11: Short Haul Data Services.

---

**Ancillary Charges**

Charges for infrastructure over and above standard requirements are given in Section 45 Part 1 . These charges include work on internal trunking & traywork; breaking through walls; additional poles, ducts and cables; radio charges and miscellaneous non-standard or specially requested items.

Section 12: Inland Private Circuits  
Part 11: Short Haul Data Services.

---

**Conditions**

Service is provided under BT's "Conditions for Private Services".

The standard 60 working days provision lead-time applies. All orders taken for the provision of Star Networks are subject to feasibility checks to ensure that service can be provided. Where service cannot be provided, the order will be cancelled without liability.

Section 12: Inland Private Circuits  
Part 11: Short Haul Data Services.

---

**Contract Options**

BT's Conditions for Private Services apply to Short Haul Data Services. The relevant contract options can be found at Section [12](#) Part [8](#) of the Price List .
